

Policy Name: Environmental Policy

Related Policies:

Date:	June 2019
First implemented:	June 2008
Next review due:	June 2021
Version:	8.0
Author:	Communications Coordinator
Owner:	TCV Green Group

This document is available for internal purposes only. Please do not disseminate externally unless you have received permission from the Managing Director.

Purpose

Treasury Corporation of Victoria (TCV) is committed to ongoing improvement in its environmental performance and demonstration of good environmental practice in operations in its broader operating environment.

This policy outlined the areas in which TCV will endeavour to improve its environmental performance.

Objective

In implementing this policy, TCV will strive for continual improvement in its environmental performance in the following areas:

- energy use
- water consumption
- paper use
- waste generation
- purchasing.

Scope

This policy applies to all TCV employees.

Commitment

To achieve our objectives, TCV will commit to the following actions and practices:

- comply with all relevant government policy and environmental legislation

- set, monitor and review objectives and targets to improve our environmental management and performance
- include environmental considerations in the business planning and decision making process
- promote a culture of responsible environmental management
- foster effective partnerships that are mutually beneficial and, where appropriate, influence key stakeholders to improve their environmental performance
- communicate TCV's environmental management and performance in its Annual Report.

This commitment will be met by understanding the environmental aspects and impacts of our activities, where appropriate changing the way we operate, ensuring that all staff, contractors and suppliers are aware of the expectations placed on them by these programs and by measuring our performance against agreed objectives.
